

DIGGERS Timber Oil Quicker Dry Concentrate (Pale Boiled Linseed)

DESCRIPTION

DIGGERS Timber Oil Quicker Dry Concentrate is a TREATED linseed oil with ADDED DRYING AGENTS to speed up drying time.

TYPICAL USES

- Timber sealer and protector for indoor furniture and cabinets
- Wooden tool handles and sporting equipment
- Thinner for artists' oil paints

FEATURES

- Added drying agents (dries faster than **DIGGERS Timber Oil Raw Concentrate**)
- Creates a finish that is generally impervious to water, heat, scratches and most stains
- Helps aid brushing when added to oil based paints
- Dries lighter in colour than **DIGGERS Timber Oil Raw Concentrate**

APPLICATION

Timber Protection

1. Clean and dry surface. Mix DIGGERS Timber Oil Quicker Dry Concentrate 50:50 with DIGGERS Mineral Turpentine for increased timber protection.
2. Apply two coats with a brush, roller or spray gun. DIGGERS Timber Oil Quicker Dry Concentrate should be applied in very thin coats and rubbed well into the wood. It is important to allow drying time between coats. Clean excess oil with a clean lint free cloth to avoid the surface drying sticky.*

How does Linseed Oil work? *When linseed oil is applied to a porous surface it fills the pores and as it is exposed to the air it gels to form a protective film. The film is generally impervious to water, heat, scratches and most stains.*

**NOTE: Soak rags in water as spontaneous ignition may occur on drying. Dispose of rags by controlled incineration or at an approved landfill.*

SAFETY

Wear suitable protective clothing, gloves and eye/face protection when using this product.
