

DIGGERS™ All Purpose Thinner

DESCRIPTION

DIGGERS™ All Purpose Thinner is a premium quality general purpose paint thinner and cleaning solvent.

TYPICAL USES

- General purpose thinner
- Solvent based paint, acrylics and epoxies
- Paint remover and spot cleaner
- General purpose cleaning solvent

FEATURES

- Improves paint consistency
- Reduces the risk of imperfections
- Fast drying
- Smooth gloss finish

NOTE: DIGGERS™ All Purpose Thinners contain an alcohol making it unsuitable for two-pack polyurethane paints.

APPLICATION

Paint Thinner

1. Ensure the surface of the area to be painted is clean, dry and prepared to paint manufacturer's directions.
2. The ratio of thinner to paint should be in accordance with paint manufacturer's guidelines. A general guide is one part thinner to 3 parts paint. All equipment used in mixing and applying the mixture should be clean and dry. When mixing paint and thinner together use accurate measures. Add thinner to paint slowly and stir. Mix thoroughly before application. Apply with a spray gun or brush.

Paint Remover

1. To strip paint from surfaces or to remove overspray (other than painted surfaces), use a tightly woven, relatively non-absorbent cloth. Wet with **DIGGERS™ All Purpose Thinner** and wipe the surface vigorously until paint has been removed.

SAFETY

Wear suitable protective clothing, gloves and eye/face protection when using this product.

TYPICAL CHARACTERISTICS

Appearance colourless liquid
 Specific Gravity.....0.82
 Flash Point.....<0°C
 Boiling Point.....~79°C
 Flammability Limit..... 0.8–13%
