

DIGGERS™ Gripcrete

DESCRIPTION

DIGGERS™ Gripcrete is a proven, powerful and versatile multi-purpose bonding and sealing agent. When used straight from the container it is a very strong ready-to-use wood glue.

TYPICAL USES

- Joinery, rendering and plastering, bedding mortars for roof tiles, sealing internal brickwork and fixing tiles and grouting
- As cement paint and general adhesive for carpentry and craft work

FEATURES

- Extensively used in the renovation and building markets
- Highly concentrated - can be diluted for many applications
- Dries clear and non-staining
- Non-toxic
- Increases tensile strength of cement mixes
- Reduces oil penetration on concrete floors
- Eliminates need for hacking (sparrow picking), chipping and acid etching
- Can be used on most building materials

APPLICATION

Rendering / Plastering

- Masonry blocks; rough or smooth surfaces; concrete walls; ceilings and beams; formed structural concrete; and painted surfaces.

Tile Fixing and Grouting

- Onto clay, porous surfaces like aerated building blocks; onto plasterboard, fibre cement sheets, hardboard, chipboard etc.; and fixing quarry/ceramic tiles onto timber floors.

Sealing and Binding

- Dust-proofing of internal concrete floors; clear sealing of internal brick/stonework; wood gluing; pipe lagging; to improve PVA paint; and to glue polystyrene.

SAFETY

Wear suitable gloves and eye/face protection when using this product.

TYPICAL CHARACTERISTICS

Appearancewhite viscous liquid
 Odourmild odour of vinegar
 Specific Gravity.....1.07
 pH (approx.).....4-5
 Boiling Point.....100°C
