

DIGGERS™ Linseed Oil Quicker Dry Concentrate (Pale Boiled)

DESCRIPTION

DIGGERS™ Linseed Oil Quicker Dry Concentrate is a TREATED linseed oil with ADDED DRYING AGENTS to speed up drying time.

TYPICAL USES

- Timber sealer and protector for indoor furniture and cabinets
- Wooden tool handles and sporting equipment
- Thinner for artists' oil paints

FEATURES

- Added drying agents (dries faster than **DIGGERS™ Linseed Oil Raw Concentrate**)
- Creates a finish that is generally impervious to water, heat, scratches and most stains
- Helps aid brushing when added to oil based paints
- Dries lighter in colour than **DIGGERS™ Linseed Oil Raw Concentrate**

APPLICATION

Timber Protection

1. Clean and dry surface. **Mix DIGGERS™ Linseed Oil Quicker Dry Concentrate 50:50 with DIGGERS™ Mineral Turpentine** for increased timber protection.
2. Apply two coats with a brush, roller or spray gun. **DIGGERS™ Linseed Oil Quicker Dry Concentrate** should be applied in very thin coats and rubbed well into the wood. It is important to allow drying time between coats. Clean excess oil with a clean lint free cloth to avoid the surface drying sticky.*

How does Linseed Oil work? *When linseed oil is applied to a porous surface it fills the pores and as it is exposed to the air it gels to form a protective film. The film is generally impervious to water, heat, scratches and most stains.*

**NOTE: Soak rags in water as spontaneous ignition may occur on drying. Dispose of rags by controlled incineration or at an approved landfill.*

SAFETY

Wear suitable protective clothing, gloves and eye/face protection when using this product.
