DIGGERS™ PROGRADE Red Dirt Degreaser

DESCRIPTION

Heavy duty **DIGGERS™ PROGRADE Red Dirt Degreaser** suitable for removing outback dust, dirt, and oxide stains from a broad range of surfaces. This concentrated formula is acid free, water based and biodegradable.

TYPICAL USES

Degreasing Mining Equipment, Trailers, Caravans & RV's, Lawnmowers, Tools and Equipment, Walls, Floors, Tiles, Concrete, Pavers, Brickwork, Most Metals and Alloys, Wheels, Motorbikes.

APPLICATION:

Wear gloves during use. Dilute **DIGGERS™ PROGRADE Red Dirt Degreaser** with one part water for heavy duty cleaning or 2 parts water for general cleaning. Brush or spray liberally onto the surface and allow it to penetrate for a few minutes. For stubborn stains, brush vigorously. Hose off with water. Dilution rates vary depending on application. Below is a guide and stronger/weaker dilutions may be required.

DIGGERS™ recommend a spot test prior to using this product.

NOTE: When cleaning aluminium, please test on an inconspicuous area before total coverage.

TYPICAL CHARACTERISTICS

Appearance citrus liquid
pH 9 - 11
Specific Gravity..... approx 1.02
