DESCRIPTION

DIGGERS™ AUTOCARE OEM Premium Green Coolant is a ready-to-use quality pre-diluted coolant suitable for all makes and models of petrol and diesel engines and compatible with all major coolant products available in the market today.

TYPICAL USES

- Topping up or filling coolant in petrol and diesel engines

FEATURES

- Suitable for ALL makes and ALL models
- Suitable for petrol and diesel engines
- Longlife of 5 years and 250,000km
- Compatible with all major coolant products
- Can be added to any coloured existing coolant
- Ready to use – no further dilution required
- Anti corrosive protection

APPLICATION

Consult owners manual for cooling system filling procedures and system capacity. **DO NOT REMOVE RADIATOR CAP WHEN ENGINE IS HOT.**

- **FOR TOP UP:** Top up required amount without further mixing.
- **FOR REFILL:**
 - Drain and flush the cooling system.
 - Fill the radiator with the undiluted coolant product.
 - Leave the engine running for 5 minutes, check coolant level is correct and that there are no leaks.

SAFETY

HAZARDOUS Take used coolant products to an authorised collection point. Do not discharge into drains, soil or water. Do not swallow.
