

## DIGGERS™ Caustic Soda

### DESCRIPTION

**DIGGERS™ Caustic Soda** effectively cleans hard to remove grease and oil stains on driveways, concrete surfaces and footpaths.

### TYPICAL USES

- Unblocking drains and pipes
- Removing grease and oil stains from paths and driveways

### FEATURES

- Heavy Duty cleaning agent
- Concentrated granules
- Contains Sodium Hydroxide

### DIRECTIONS

DILUTE 60 grams (2 tablespoons) of Caustic Soda into 1 Litre of COLD water only.

### SAFETY

Corrosive - Avoid contact with skin and eyes. May produce severe burns. Attacks skin and eyes. Wear eye protection when mixing or using. DO NOT MIX with hot water. When handling wear impervious gloves and ensure eyes are protected by goggles or face shield. Do NOT mix with warm water or hot or boiling water or other chemicals. Contact with Caustic Soda causes severe burns and the risk of serious damage to the eyes. Always add Caustic Soda slowly to the surface of the solution to avoid splattering and in the proportions specified. Never pour water directly to Caustic Soda. Do not pour solid Caustic Soda down drains.

**NOTICE:** Aluminium or zinc covered (galvanised) utensils must not be used in conjunction with Caustic Soda or its solution.

### TYPICAL CHARACTERISTICS
